PREFACE

This is the twentieth edition of the Asheville, N C, Directory, and the work has the advantage of the experience of all these years.

The City Directory is more than a list of residents with their occupations and addresses. It is a complete, accurate guide to the city, its people, institutions, organizations, etc., and becomes a permanent history of the people.

The Directory has passed through a regular period of evolution since its publication in Asheville; from a small pamphlet of a few pages it has become a well-printed volume of several hundred pages, and the difference in the size of the Directory clearly shows the growth of the City from year to year. The highest degree of efficiency has been attained in the publication of the Asheville Directory. It is officially recognized by city, county, state and National Government and legislation and rulings.

The Post Office Department at Washington has instructed all Postmasters to turn over all letters and packages incorrectly addressed to the Directory Department in the Post Office and there the address given in the latest issue of the city directory is placed upon them.

The Directory is a semi-public institution in which all people are interested:

First—Because there is a complete list of adult persons, the name, the business location and the dwelling place, also the name of corporations and partnerships, giving name of corporate officials as well as members of firms.

Second—Because names of all householders are grouped by streets, each street being arranged in alphabetical order with the number of each house listed in numerical order. This grouping of people in streets and localities is of infinite value to the public, especially to the merchants.

Third—Because the classified portion of the Directory contains an alphabetical list of all articles made, bought or sold in Asheville. It is virtually a city catalog, for here you can find where to buy or sell most anything you want. It is like going to the market place, for everything is in view at a glance. It is the greatest buyer's guide in the world.

Fourth—Because the Miscellaneous Department tells much about the government of the city, county and state, as well as giving information regarding clubs, fraternal societies, etc.

The Directory is a useful and valuable utility, absolutely necessary to the commercial, professional, social, political, educational and religious progress of the day.

POPULATION

The Directory statistics are relied upon as being accurate and dependable; these generally exceed the federal census for the reason that the Directory publisher as a rule does not confine himself to the corporate lines of the city, but covers the adjacent territory, suburban population generally figures in most directories as it does in the Asheville Directory, while U. S. 1920 Census figures for Asheville, is a little less than 29,000, Asheville, as a City (including suburbs) can well claim 40,000 souls.

Thanking our patrons for their loyal support and co-operation, we are

Yours very truly,

COMMERCIAL SERVICE COMPANY,

ERNEST H. MILLER, Pres.

In the Heart of the Blue Ridge.

Asheville is located on the "Asheville Plateau" at an average elevation of 2,250 feet, and on the Southern Railway, 22 hours from New York, Chicago, Memphis, New Orleans, with adequate Pullman service. Finest climate on earth, with mean average temperature of 55 degrees.

Asheville is on the Southern National Highway, Central Highway, on the eastern line of the Dixie Highway system, and on the Buffalo Trail and Boone Highway. These give Asheville opening for heavy motor traffic to and from the west. Splendid automobile roads from Asheville to Greenville, Asheville to Spartanburg, Asheville to Charlotte, and north to New York City.

The marvelous climate of the "Land of the Sky" has been recognized by the best authorities in the country, including the United States Government, for rest, recreation and the restoration of strength and bodily vigor, and combines to the greatest degree, all factors that make for the most perfect human comfort the year around. Within a hundred mile circle around Asheville are located the highest mountains in Eastern North America, with Mt. Mitchell, 6,711 feet above sea level, as the climax of Eastern altitude. Twenty-three of these peaks are higher than Mt. Washington. Sixty peaks within this radius are 6,000 feet and up. Over $2,000,000.00 has been expended on paved concrete and asphalt-macadam highways and bridges in Buncombe county during the past two years, with more than a half million dollars' worth of hard surfaced roads now under contract and construction.

ASHEVILLE HAS:

Four public parks, and the finest 18-hole all turf golf course in the South, with a second 18-hole course building.

Fifty miles of paved streets, eighty-five miles paved sidewalks; has just completed a $500,000.00 high school; has seventeen splendid graded school buildings; value of city school property over a million dollars. Value of private property over a million dollars, 28,504 population. Official census, including suburbs, 38,000.

Gravity system water supply from 17,000 acres of virgin forest on slopes of Mt. Mitchell and the Craggy mountains. Daily supply nearly eight million gallons.

Has motor equipped fire department; sixty-three fire alarm stations; 380 fire hydrants; modern garbage incinerator; 271 street arc lamps; 350 tungsten street lamps; 108 5-light street lamp posts.

Commission government with three commissioners giving full time; Mayor Commissioner of Finance; Commissioner of Public Safety; Commissioner of Public Works. Value of property in Asheville over fifty million dollars.

Asheville growing rapidly; business conditions good; new citizens cordially welcomed. For further information write,
